Precipitation In Area Is Now Up To Normal For Year

After more than a month of almost continuous snowfall, precipitation has finally reached normal in the Truckee-Tahoe area. With at least a temporary lull in the stormy period, the temperature took another tumble and Tuesday morning registered a chilly four below zero.

Henry Toccalini of the Truckee ranger station of the Tahoe National Forest, reported 42 inches of snow on the ground here and 130 inches reported on Donner Summit with 64 inches at Tahoe City.

The storm during the weekend brought 13 inches of new snow and 1.67 inches of precipitation, Toccalini said. This brought the total precipitation for March to 4.25 inches, compared to a normal for the entire month of 4.13 inches.

The normal precipitation to the end of this month is 26.88 inches and since September, the total here is now 25.15 leaving only 1.73 inches to bring the season to normal at the end of March.

While the late storms will delay the opening of the fire season in the forests, Toccalini said, the heavy moisture will cause an abundant crop of grass and when this dries later in the year, it will provide more fuel for fires. Last year, the first forest fire was reported in April in this district.

TAHOE CITY — The level of Lake Tahoe Monday stood at 6223.69 and there were 64 inches of snow on the ground. The weekend storm brought 16 inches of snow and added .90 of an inch of precipitation. The temperature here dropped to a low of six above Tuesday.

Fugazi Candidate For Tahoe Office

TAHOE CITY — Although definitely announced as a candidate to succeed himself as judge of the Tahoe Judicial District Court, Robert Fugazi's name will not appear on the June 5 primary election ballots due to a circumstance beyond his control.

The final date for judicial officers to file for election was March 2 and Fugazi's petition did not reach the county clerk until March 5 because of the storms.

The papers were mailed Thursday and ordinarily would have reached the clerk's office Friday, March 2 but heavy snows blocked the summit and the mail was delayed. Fugazi said he even attempted to make the trip but was turned back by the blizzard conditions.

No one else filed for the office and Fugazi said that he will appreciate a write-in vote. He has held the post since his appointment last May 10 to fill the unexpired term of Harry Charrison.

District Will Add Lines To Improve Electric Services

The directors of the Truckee Public Utility District have authorized Manager Francis Longo to proceed with installation of supplemental power lines to ease the load on the present system. Work on the $7,500 project will be resumed as soon as snow and weather conditions permit and will be rushed to completion, the manager said.

The lines will be installed parallel to the current system and will reduce circuit overload at least 50 per cent, Longo, explained.

One of the new lines will go down the south side of the freeway, cross over at Gateway Park and supply the area in West Truckee, boosting the present power materially and providing for extended development of the region.

Longo said that the present system is not adequate to care for the growing demands but that with the completion of the contemplated project the service will be improved to a point where it can serve until a more elaborate system can be installed.

Major improvements are also planned in the water system as soon as possible, Longo declared.

The steady increase in school population was cited as the cause for added school facilities.

To finance this school building program a $2,000,000 school bond issue has been submitted to the voters for their approval on April 17.

DONNER DOINGS

By VIRGINIA O'BEAR

A lot of people won't believe it but we saw skiers across Donner Lake last Sunday. Now all of us know the lake is frozen over and has been for several months, probably will be for several more months. The two skiers were not water skiing, however, but were going at a good cross country pace. It must have been someone with a summer cabin deciding to ski across when determined to get to their cabin. I had to look twice to believe what I saw then I decided nothing was impossible at Donner Lake.

Fishing season opens March 31 at Donner Lake. It is illegal to make a hole in the ice for fishing. You are allowed to fish where the ice has legally broken away from shore, so looks like a lot of eager beavers might have to wait a little longer this year for the delicious kokanee, mackinaw and rainbows. They will be good and hungry when that ice does break away so I want to get my license and try to get my limit. If the ice doesn't melt by the end of the month, a lot of us will miss seeing all of those fishing boats on opening day.

Miss Donner Lake of 1961, Sandra Van Sickle, was in the news again when she captured first place in the womens division in the Dog Sled races Sunday. Now Sandy has another trophy to add to her collection.

Officers of the Donner Lake Volunteer Fire Department met at the Donner Lake Coffee Shop Monday evening to discuss the meeting that will be held there this Thursday night. The theme this Thursday evening will be St. Patrick's with Dorothy Slack, Ozella Slate and Bess Reid being hostesses. The dinner starts promptly at 7:30 so plan to attend and take a friend, it will be enjoyable.

NORTH TAHOE BRIEFS...

. . . By BETHEL

Our Lady of the Lake Guild had their March meeting at the lovely Carnelian Bay home of Helen Chanda. Hostesses were Rena Jo Kingaard and Theresa Sutton. Present were Gen Brockelsby, Lorraine Briscoe, Nora Ferrari, Frances Gerlits, Paula Gurney, Chris Hoffman, Eleanor Lorea, Alice McDonald, Millicent Quartley, Julie Von Ruden, Eileen Wilen and Father Coffey and the hostesses.

New officers for the year were elected. New president is Eileen Wilen; vice president, Julie Von Ruden; secretary, Alice McDonald; and treasurer, Gen Brockelsby.

Many thanks of appreciation were extended Chris Hoffman, out-going president and all other officers for their diligent work throughout the past year.

All members of Our Dady of the Lake Catholic Church are cordially invited to attend future guild meetings as many new and interesting programs and projects and planned for the coming year.

Leslie Denton of Kings Beach has returned home from a very interesting trip around Cape Horn with his company, Moore MacCormick Steamship Lines. Also returned with many interesting gifts from his trip for wife, Theresa.

Maxine and Bud Polzin of Incline Beach are enjoying a winter vacation in Arizona.

Girl Scout displays in the local Kings Beach stores commemorate Girl Scout week, March 2 to 19. Vivian Carrara of Kings Beach is Girl Scout leader. Cookie sales for the Scouts were started on the 10th. Assistants to Vivian are Jenny Johnson, Darlene Bitler, Betty Baxter, Ann Tiller and Jerry Niday.

Ceta Hooper of Brockway and Bethel Van Tassel of Tahoe Vista were saddened last week at the death of James Robert McFarlane of Yuba City, the husband of their sister, LaVerna. He had been ill the past two years with cancer.

Harry and Ceta Hooper and sons, Jon and Charles, went to Yuba City to attend the services.

Bethel and sons, Jan and Pieter, did not make the trip. Bethel, due to a severe fall on the ice, is still hobbling around on crutches. (After having measles last month, thought was younger than my age. Now can't possibly be younger than 102! That's what crutches do to one).

Women's Society Christian Service had a wonderful luncheon and card party at Adeline Gunkel's home on Monday. Among those present were June Mandeville, Unadell Crawford, Wanda Brooks, Mae Weathers, Matilda McEathren, Wanda Wheeler, Birdie Smith, Thelma Northwood, Kay Felte, Marilyn Fugazi, Ruth Mizner, Nadine Neugebauer, Pearl Draney, Gudren Johannson, Bethel Van Tassel, Francis Gerlits, Louise Walter, Fran Thompkinns, Ella Rae Fulton, Theresa Denton, Barbara Collins, Thelma Nierenberg, Jeanne Sundquist, Virginia Engelhard, Pearl Kientz, Sophie Levra, Virginia Flagg, Dorothea Whitley, Dorothy Sipes and Ruth Lavery.

Friends will be sad to learn of the death of Nina Sorensen of Tahoe Vista. Nina was 74 years old on Christmas Day. A resident of the area for many years, Nina was a devoted nurse and for many years gave unselfishly to those who needed, especially helping children. Nina was a member of the Women's Club of North Tahoe in which she was a charter member and held an honorary life membership. Her husband, Carl A. Sorensen, survives. Our sympathy is extended to the Sorensen family.

Gunkel family news.

Gary Gunkel of Tahoe Vista won first place at the Dog Sled Races held last weekend at Ebbetts Pass. A beautiful handcarved trophy was received by Gary which was carved by Mrs. Fishback of Grass Valley.

The Gunkel's daughter, Pat, and her husband, Phil Edwards, are moving from San Jose to Marysville. The Edwards will operate the Garden Grove Mobile Park which was recently acquired by Lyle and Adeline Gunkel.

Also moving about March 20, will be Gary and Ann Gunkel and daughters when they will move from Tahoe Vista to Chico. Gary and Ann will operate the Almond Grove Mobile Park at Chico which Lyle and Adeline bought some time ago.

Good luck in the new businesses.

Doug Hansen of Los Angeles has joined his brother, Speed, at Carnelian Bay to help operate the D and H Lumber Supply.

Kings Beach Methodist Community Church will hold a benefit buffet supper at the Crystal Bay Club on Friday, March 16, 6:30 p. m., $2.50 for adults and $1.50 for children. Tickets may be obtained from Lyle Gunkel or Bob Critchley at Tahoe Vista, Pearl Draney at Incline Beach, Gene Thompkins at Kings Beach or Ray Plunkett at the Crystal Bay Club. These buffet dinners have always been superb. It is open to anyone who would enjoy good food and fellowship.

The R. T. Berghardts of Tahoe Vista had a week vacation in Los Angeles visiting daughter, Margaret McNeil and family. Missed all the heavy snow.

Women's Society of Christian Service held their March meeting on Wednesday at the home of Helen Chanda at Carnelian Bay. The Chandas home has a gorgeous view of Lake Tahoe and intermittent snow flurries added to the beauty of the day.

Present at the meeting were Pearl Draney, Theresa Denton, Bethel Van Tassel, Frances Thompkins, Helen Chanda, Fay Dean, Helen Leon, Ruth Mizner, Eda Judy, Adeline Gunkel, Beth Smith and Louise Walter.

The Society voted to send $5 to the Fred Finch home in Berkeley in memorium to Nina Sorensen.

Election of officers for the coming year was held. Pearl Draney was elected president, Theresa Denton, vice president; Ruth Mizner, junior vice president; Louise Walter, secretary; Helene Leon, treasurer; Ella Rae Fulton, secretary of promotion; Georgia Clark, secretary, Missionary Education; Bethel Van Tassell, secretary, Christian Social Relations; Fran Thompkins, youth and student works; Beverly Gregg, childrens work; Eda Judy, secretary, spiritual work; Dorothea Whitley, secretary, literature and publications; Fay Dean, Marian Mueller, secretary supply work.

The April meeting will be held on April 4, 10:30 a. m. at the home of Ruth Mizner in Kings Beach.

Louise Walter, Brockway, and Ruth Mizner, Kings Beach, will be chairmen for a luncheon and card party to be held at the home of Adeline Gunkel at Tahoe Vista on April 2, Monday, 12 o'clock, $1.50. In view of the success of the luncheon held last week at the Gunkel home, this too should be a well attended fun affair. Call Louise, Ruth or Adeline for reservations.

Olivia Marshall and son, David, of Modesto, attended the services for Nina Sorensen on Wednesday.

Mr. and Mrs. L. C. Miller have returned to their Olivehurst home after spending a couple weeks with Carl Sorensen.

Bern May has returned home to Kings Beach after spending some time with friends in Piedmont.

Mrs. Madeline Bruno of Encino is visiting daughter and family, the Noble Murrays of Brockway.

Pauline Kolb of North Hollywood is visiting daughter, Gwen Robinson and family and son, Jack Farris, at Kings Beach for a couple weeks. Pauline planned the trip as a surprise and did not advise anyone of her arrival. A wonderful idea but it backfired and Pauline waited five hours in Truckee for someone to pick her up. However, just being here is worth all the inconvenience she says.

Tahoe City Volunteer Fire Department have a St. Patrick's Day Ball planned for Saturday night, March 17 at the Tahoe City Fire Department. Door prize is a deep freeze. Plan to attend for an evening of fun.

Noble T. Murray of Brockway is mighty proud of his brother, Major Donald H. Murray. Major Murray has many friends in this area who will also be proud to know of his accomplishments.

Piloting a KC135 jet tanker at Castle Air Force Base at Merced at a low altitude, the plane had a flame out. The plane sheared a power line but Murray managed to jettison some of the fuel after clearing the city limits and safely brought the plane back to base without accident. This is the first time one of these ships has been brought back to its base after being disabled. Murray received several citations and subsequently his promotion from Major to Lt. Colonel.

The Murray family has good cause to be proud of the new Lt. Col. and our congratulations too on the promotion.

VFW Auxiliary held their meeting Thursday evening at the Crystal Bay Club. Present were Pearl Draney, Louise Walter, May Z. Murray, Eunadell Crawford, Ethel Antonson, Bernita Jones, Bea Snell, and Gladys McClellan. The district president, Veda Cronk, will be present at the March 22 meeting. Election of new officers will also be held at this meeting.

World Day of Prayer was held Friday at the United Church of Christ at Squaw Valley with 60 women present. Eda Judy of Kings Beach led the meeting representing the Women's Society of Christian Service. Leaders were Mesdames Clausen, Waters, Rhodes and McLain. The program was written by the women of Uruguay. Speaker Whitmore of Steamboat, Nevada, discussed the American Union Sunday School organization. Luncheon concluded the meeting.

Attending the meeting from the Kings Beach area were Pearl Draney, Eda Judy, Ruth Mizner, Sophie Levra, Beth Smith, Ella Rae Fulton, Fran Thompkins, Theresa Denton, Bonnie Barnett and Faye Dean.

Happy birthday to Martha Pope of Kings Beach who celebrated her ninth birthday with a party, March 3, at the home of her parents Eva Lynn and Walt.

Guests invited were Dianne Finnigan, Lyn Ann Fugazi, Kristy Plunkett, Nancy Tiller, Jon Jensen, Chaulky Hooper, Bill Engelhard, Billy Brehler and Warren Quartly. Also present were Martha's brother, Greg, and parents.

Games were played and dancing was enjoyed followed by refreshments.

Square dancing for adult beginners will be taught by John and Sophie Levra who are well qualified as teachers. Phone the Levras at LI 6-3563 to register and join in the fun.

SUMMIT SCENE

By FRAN COUILLARD

When you're "snowed in" as we have practically been for a couple of weeks the only way to "collect" column material is to snow shoe or ski to the sources of information. Because your neighbors are in the same predicament, they are not about to snow shoe or ski to us anymore than we are to them. And I'd like to say that this "party life" is not what it is cracked up to be—what being surfeited with vanilla ice cream and angel food cake every day — as the stuff crowds in at the windows. Think I'd rather refer to it by the baby's name for it of a few weeks ago—"Bubble Bath" and even relegate the "white gold" cognomen to the snow pit for a bit.

The house shudders, writhes and twists as the iced eaves get tired of holding up the weight of tons of snow and say "to heck with it," drop tiredly to the ground with the snow come tumbling after. One wonders at the patience of these old roof and supports. After a few years of lightly powdered shoulders with which they shrugged off the few flakes that were mere annoyances—one has a hard time remembering that the herculean task of our big "umbrellas" is keeping the Bubble Bath from smothering us.

And we wonder if the slat happy folks that sit at the "closed" sign down the road a piece waiting for the "open-go ahead" sign to be flashed realize that the cornices that bower Donner Summit Pass could become gleefully sliding toboggans that could engulf a highway? Or that underneath 12 feet of snow a leak has found a peek-a-boo hole in our water line and that water pressure is low which means that the members of our good Donner Summit water board dig holes with auger like precision—looking for said gush? Or that the purveyor with his meat, vegetables, daily bread and milk, wishes that his truck were equipped with the treads of a tractor? Or that the laundry man hasn't been able to deliver the necessarys for the making of a bed—and that he (the slat happy) might have to sleep on the ticking tonight? And that our many employes—take off between storms with the screaming meanies (cabin fever to you) and get "snowed out"—so that our crew is cut in half and we (the operators) are wondering if the slat happy will beat the crew into the operation?

And we wonder if the slat happy think anything at all about dragging in tons of snow on their boots which make our lobbies resemble shallow lakes?

But what are we kicking about? If they know all of the above—they might not sit at the "closed" sign down the road—and if they didn't then we couldn't care less if the water pressure was low—or that "our daily bread" wasn't delivered. Right?

But anyway we remembered the phrase about "March coming in like a lion" (or something) which reminded us that official springtime really starts in March. We tried to recall our learnin' on this point but had to resort to the

MAYBE YOU ARE PLUGGING FOR TROUBLE

Overloaded circuits, insufficient outlets are a sure sign of low housepower. That means your house has inadequate wiring . . . means trouble with electric washers, dryers, ranges, irons and other appliances.

These electric servants can't perform as they normally should, And you suffer the added inconvenience of blown fuses when you use too many appliances at one time.

First step to take in resolving a low housepower problem — call your electrical contractor. He can give you an accurate rewiring estimate and install plenty of circuits to help you live better electrically.

SUMMIT SCENE

(Continued from Page 6)

almanac and boy, were we happy to read under "astronomy and calendar" — "twice a year at the equinoxes in March and September the sun is on the equator, the day is of equal length all over the world and each hemisphere receives the same amount of light and heat from the rays of the sun." That is a little solace anyway because it would seem that on the vernal equinox—which has to do with spring, we are all going to experience the same situation, whatever it might be. (Unless Colonel Glenn, in his famous upstairs maneuvers, disturbed things a bit).

* * *

After penning reams a short while ago on the Summit's reaction to Steven's Pass, a new name, it seems for the new Donner Summit—which as I stated, will always be Donner Summit — no matter what you call it. You people who don't believe it—what do you call Ice Lakes? Sierra Lake Club. Darned right you don't, Ice Lakes it is and Ice Lakes it will be—always to the "old timers department."

Of course I don't presume that the state department is going into production on the signing deal as yet. Of course I don't presume that my poor pen is going to change a darned thing. I went into production on the deal because I kind of think that the people on the summit should have a say in the thing. However—(and not apologizing to anyone) I really didn't think that my article would create such a "tempest" in a snow pot" for I have had telephone calls right and left — and letters from out of town subscribers to the Republican Sol—both pro and con. Know the nicest one? And I quote: "Dear Fran: We agree with you — the roads name should remain Donner. To most people the new road will be a re-alignment of the old one. Please add our names to your list. We surely enjoy your column and the news of the "hill." Sincerely O. G. (Red Alexander and Clair Alexander." (Hi—kids).

Now—I would like to add something else before I get a second wind on this thing. I was personally told—and it was suggested to me — (tho' why me I can't understand) that we should rename this present highway forty "Emigrant Way." Hah. And you know why, don't you? You didn't put up a fight for the naming of your own criss cross down there—and now we are supposed to use your signs. What? Shame.

Well—as stated—don't suppose my poor pen can change anything. But when folks say "I just came over Donner Pass" in the future—or say "I am about to go over Donner Pass" tally the Donner Passes—will you? Up here we still call the new access road that takes off at Kingvale "Old Highway Forty"—just the same as we call the real old road that winds around the mountain "The Old Road."

Now there is a triangle of land that lies between the two highways. Is it going to be designated " In the Donner Summit Area"—or in the Steven's Pass Area? For that land is bound to be developed. And some of that land, (as I have personally seen) contains some beautiful skiing sites. A stone thrown from either of the highways would land in Big Mack Canyon—wouldn't it? Castle Peak frowning down on one side of it and a cute little entrance from Highway Forty on the other side of it.

And the Nevada County Nugget's Vol. 37—No. 10 staring me in the face with "Biggest Week for Elisha Stevens Since 1844"—it says here—"It was a great week for Elisha Stevens. Not since the grinding, heroic activity during the week of November, 1844, when the redoubtable pioneer led his wagon party through what eventually became the most famous wagon, railroad and highway route of California, has the name Stevens been proclaimed so brightly among the peaks and plains of California."

Some place in history I recall that a guy named Whitney surveyed the present S. P. course in a horse and buggy, too.

I haven't been sleeping so well, lately. And I am wondering if Elisha is "haunting" me a bit,—all respect to his soul which must more or less resent being shaken from its peaceful sojourn in eternity. And—again personally—I'll bet he doesn't give a darn about that carpet which is being unrolled over the Highway in the Sky. And—again personally — I think the Highway in the Sky is more euphonious.

I likely can't change anything—but one more vitrolic little splurge. I kind of think that we people who live on the Summit—and had never been invited to join with the people who are kindly trying to guide our destiny—should have the first crack at this anyway. And if we wish to expand our own horizons—can't see where it's going to hurt a darned thing.

And not being bull headed about it — I can really see where the powers (whoever they are) believe that they are looking forward to our interests by keeping the world famous name of Donner Summit just where it is and not "confusing it" with the new pass. But listen. The present and famous Donner Pass will be closed to traffic in the winter months — and open as a scenic road but during the summer months. (So I am told). So for five or six short months—the Donner Pass will get its just dues, and oh, what the heck. Why not compromise on "Old Famous Donner Pass" and just a plain "Donner Pass" for a number two carpet?

Oh—an incidentally, I am a native daughter. I have done considerable research myself,—so far as California history is concerned. My father was born in Vallejo. My mother came to California when she was but six years old. She is nearing her 80th birthday. My father's mother was born in Monticello, California. So you see it is not with a jaudiced foreigner's eye that I am viewing this thing.

And I have written articles on California for the old Argonaut of San Francisco—for the Overland Monthly when it was revived by F. Chamberlain of Los Angeles—for the Sunset Magazine when it was first purchased from the Southern Pacific Company by Lee Richards—and I can give you a lot of other reasons why I am not prejudiced too.—But I won't—because with the "Clampers" and a Director of the California Historical Society and George Stewart—a fine Californian and author, all a rootin' for Elisha, guess my thing will become a deep seated unfulfilled thing and cause me a phobia, or something.

And to my dear reading public in the Donner Summit Area (which is about to squzzed) I'll put aside my poor pen in this instance and report more on the Social Events of "the hill"—in the future.

And this is all the time I have right now as John Trauner just came in and handed me the election bag for voting day tomorrow.

And I will take time out to say that it has been a task to really get down to this—because the Sun Is Shining!

Frazzled Fran

CHAIRMEN NAMED TO WORK FOR GOVERNOR

District Attorney Harold Berliner and Mrs. Amy Nygard have been named Nevada County co-chairmen for Governor Edmund G. Brown's reelection campaign.

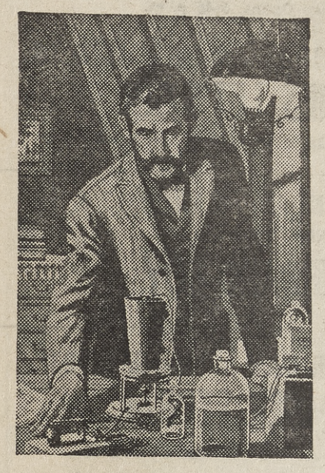
The appointments were made by San Francisco District Attorney Thomas C. Lynch and State Senator George Miller, Jr., co-chairmen of the Northern California Committee to Re-Elect Governor Brown.

"California is at a critical juncture and it needs the leadership of Governor Brown," Berliner said. "His record is excellent and we know he keeps his promises."

"All California can be proud of his record of fiscal responsibility," Mrs. Nygard declared.

WHAT'S DOING

L. R. deGallery, your Telephone Manager in Tahoe City



"Mr. Watson, come here, I want you." With these words, spoken by Alexander Graham Bell 86 years ago this month, the telephone was born. And it's really grown since then.

By July, 1878, there were all of 10,755 Bell telephones in service; by 1910 over 3 million. Then in 1915 transcontinental service went into effect and folks could talk from San Francisco to New York—for $20.75.

Today that same long distance call to New York costs just $2.25. And, your telephone links you with some 140,000,000 others here and around the world. That's some growing!

* * * * *

Accidents happen—but there's no extra charge for phone repairs. Telephones are built to take plenty of wear and it's usually many years before one needs fixing.

However, if ever your phone *is* accidently damaged—or something goes wrong through normal use—just call us and we'll send someone out to fix it. There's never an extra charge; your telephone comes with built-in repair service.

* * * * *

You might not think so, listening to a fast talker, but everyone's speech is full of silent spaces, actually split-second pauses. Now, telephone people have found a way to put those silent spaces to work on overseas phone calls.

Between California and Hawaii, for example, an amazing device called TASI (short for "Time Assignment Speech Interpolation") is now doubling the number of voices transocean cable can carry.

8,000 times a second TASI samples voice channels, uses those split-second pauses in speech to send bits of *other* conversations over the momentarily idle lines. At the other end, the conversations are unscrambled and sound just like normal phone calls.

TASI is another way we've found to bring you more—and better—telephone service. Pacific Telephone
